ABOUT SONIC TRAIN

SONIC TRAIN is a Swiss alternative rock band delivering raw energy and infectious melodies in a sound that blends modern rock, pop, and punk.

Through powerful compositions, anthemic choruses, and an electrifying stage presence, the band takes audiences on an intense and authentic musical journey.

Formed in Geneva in 2024, Sonic Train is steadily establishing itself as a fresh voice on the Swiss rock scene, driven by a contagious passion and an irresistible desire to set every stage on fire.

Their latest single **NO KIDS** has just been released and marks the beginning of the journey toward their debut album, scheduled for release this autumn.
